OK RADIO
DIAL 1070

DIGBY 4-1121

148½ NORTH FRONT ST.
SARNIA - ONTARIO

April 19th, 1963.

Mr. Ron B. Schiller,
Box 456,
Monmouth Beach,
New Jersey,
U.S.A.

Dear Mr. Schiller:

We would ask you to forgive us for not replying sooner to your DX report on CH"OK" logged March 15th, 1963 at 7:27 a.m. to 7:30 a.m. We note that our signal was fairly good with some interference from WIBC, Indianapolis.

For your information our twin towers are 153 feet above average terrain and we operate at 1070 kc. on a power of 5000 watts non-directional from sun-up to sun-down and 1000 watts directional northwest by southeast from sun-down to sun-up.

We are enclosing a DX card supplied by the Sarnia Chamber of Commerce and other information on Sarnia which you may find of interest.

Yours sincerely,

RADIO STATION CH"OK",

Karl E. Menk,
Station Manager.
